

"CONTINUITY OF CARE BETWEEN HOME AND NURSERY"

It's really important for continuity of care and in order that we can know your child better in the beginning that we know of all the important little bits of information that will make their transition to Nursery much smoother. If you could answer these questions and let us know of any other important information it will help us to connect and understand your child's world.

- Do they have another name to that on their registration form?
- What are you usually called by your child?
- What family does your child have and what are they called?
- What words if any are used to indicate they need the toilet?
- Is there a special toy or friend?
- Is your child normally a good eater? Which foods are not favourites?
- What drinks do you provide at home?
- How can you tell when your child is worried?
- How do you deal with sulks or temper at home?
- Do they suck their thumb or have a blanket/soft toy?
- Can your child usually dress themselves?
- Can they manage buttons, laces etc?
- Is your child frightened of anything? (Thunder, dogs etc).

PLEASE HAND COMPLETED FORM TO NURSERY
